Krimmler Waterfalls, Aurach Wild Park and Kitzbühel

Why do not know them the charming Krimmler waterfalls. With her height of 390 m the Krimmler waterfalls belong to the Fifth highest ones of the world and are the biggest waterfalls of Europe. One can reach the lowest waterfall from the parking at 10 minutes go time, or a waterfall taxi take up to the uppermost waterfall or even in the Krimmler Achenal. From there a view way invested in serpentine roads with view places, bridges and pulpits leads very closely to the spectacle of nature near up to the lowest waterfall.

The next destination Aurach animal park, close Kitzbühel at 1080-m height in the sunny slopes of the Branderhofes, lies this animal park unique in Tirol. Here very closely you experience contact with animals. During the wild feeding you take photos and film, so much you want.

We go to the Kitzbühel. An 700 years old city, its unmistakable historical core and a cultural understanding, a breath of enchanting romanticism of the historical lanes Kitzbühels, to exclusive boutiques and comfortable cafes. You must experience this.
