Venice - World Cultural Heritage Site

Venice, the most romantic city in the world, inspired by 1,000-year-old art and history. Our journey takes us through the Italian Dolomites and the famous "Olympic city Cortina d'Ampezzo," in the 1956 Winter Olympics took place. After the subsequent arrival in Venice Tronchetto (parking garage) we sail through the Grand Canal to the center. At best, but most expensive, it is obviously with a little romantic gondola through the Canale Grande, since this is the best way visit the city from its best side.

At the Piazza San Marco, where we have 5 hours time through a joint tour to discover the history and the great masterpieces artists. The most famous sights are the Campanile, Bridge of Sighs, or Basilica San Marco. Furthermore fascinated in the grandiose Venice Doge's Palace and the largely untapped tourist Cannaregio district. Who but less for the culture of the city is interested, can comfortably the beautiful glass art when shopping or exploring the "Bella Italia" atmosphere in a cozy cappuccino enjoy.
